SECTION I - BACKGROUND

A. Introduction

The Mayor's Office on African Affairs (MOAA) is soliciting grant applications from qualified Community-Based Organizations (CBOs) serving the District's African constituents - for its FY17 African Community Grant.

On March 2006, a mandate, enacted by the Council of the District of Columbia, established an Office on African Affairs and a Commission on African Affairs within DC government to address the needs of the District's African residents. The Mayor's Office on African Affairs (MOAA's) mission is to ensure that the full range of health, education, employment, business, and social opportunities are accessible to the District's African immigrant community.

As per this mandate, MOAA serves as a liaison between the District's ethnically and linguistically diverse African communities, District government agencies, and the Mayor. The office works to improve the quality of life for African-born constituents and their children through its five core programs: Capacity Building for Businesses and Nonprofits, Outreach & Education, Multicultural Awareness and Development, Constituent Services, and Youth Engagement.

B. Funding Areas

The African Community Grant is intended to fund programs that provide culturally and linguistically targeted services and resources to advance the District's African residents. These programs should reflect the Mayor's top priority areas, and the documented needs and priorities of the District's African constituency:

Funding priority areas identified for FY17 are:

1. Education
2. Jobs & Economic Development
3. Public Safety
4. Civic Engagement
5. Health & Wellness
6. Youth Engagement
7. Arts & Creative Economy

Applications need to clearly reflect how the proposed program will address one or more of these funding areas as an avenue for improving the quality of life of the District's African residents and business owners.

C. Target Population

The target population for this grant is the District's African-born community and their children. Representing over 17% of the District's foreign-born population, the African community in DC

is a fast growing and highly diverse constituency comprising of many ethnic, linguistic, and cultural communities that make up the larger African community. Through this grant, MOAA looks to ensure equitable, as well as culturally and linguistically targeted engagement of the most isolated and hard to reach segments of this population.

Applicants will need to demonstrate how they will engage specific segments of the community. Applicants should also indicate opportunities for the Mayor's participation in the grant-funded program in particular, or in the applying organization in general.

D. Eligible Organization

Applicants must meet all of the following conditions:

- be a Community-Based Organization with a Federal 501(c)(3) tax-exempt status or evidence of fiscal agent relationship with a 501 (c)(3) organization;
- the organization or program serves the District's African residents or business owners;
- the organization's principal place of business is located in the District of Columbia;
- the organization is currently registered in good standing with the DC Department of Consumer & Regulatory Affairs, Corporation Division, and the Office of Tax and Revenue;
- Current grantees must be current on any reporting obligations for the FY16 grant cycle.

Preference will be given to applicants who demonstrate:

- Strong evidence of responding to one of Mayor Muriel Bowser's policy priorities: focusing on our youngest residents; transforming workforce training; and creating economic opportunities;
- Strong evidence of collaboration, partnership, and joint programming with other African-serving community-based organizations;
- Effective cross-cultural and inter-community programs and services;
- Organizational capacity to deliver effective programs that address specific needs of the community and fill existing gaps in service delivery;
- Cultural and linguistic competency to work with diverse segments of the District's African community, particularly those with limited or no English proficiency;
- Ability to effectively engage and work with culturally and linguistically diverse African communities in the District;
- Track record and proven reach into under-served groups within the District's African community.

E. Number of Awards, Amounts and Duration

MOAA expects to award up to 10 grants. Award sizes will vary, and eligible organizations can be funded up to \$20,000. The grant will be awarded for one year starting in October 1, 2016 and ending on September 30, 2017. The program must be ran and evaluated during this period.

Funding for this award is contingent on continued funding from the grantor. The RFA does not commit MOAA to make an award.

F. Application Review & Awards

To ensure fair assessment of grant applications, MOAA will convene a diverse review panel to evaluate eligible applications, and submit recommendations for funding. The review panel will be composed of neutral, qualified individuals selected for their knowledge of the District's African community, their experiences in grant-making and program development, and their familiarity with funding priority areas set forth in this RFA. The panel members will review and score applicant proposals and submit recommendations for awards. Once selected, grantees are expected to adhere to reporting guidelines which include acknowledgement of contribution of grant making agency and reporting on program successes and accomplishments.

G. Awards Notification

Award notifications will be released in August 2016 via email. For successful applicants, the Letter of Agreement will contain funding restrictions; programmatic, administrative, and national policy requirements; reporting documents including total budget along with the amount of grant funding for the program; and payment.
